This floor plan illustrates the layout of the Basement Floor of Mather House. The plan is divided into several distinct areas, each with specific room labels and user assignments indicated by color-coding. A large, open area at the top left is marked with numerous small, light gray rectangles, suggesting a common or shared space. The right side of the plan features a vertical corridor with several rooms, including 'Circulation' and 'Laundry' spaces, some of which are labeled with room numbers like 128, 145, 91, 93, 95, and 97. A 'Tel Data' room is also located in this section. The bottom right corner contains a cluster of rooms, including 'Mech', 'Art_Room', 'Darkroom', and 'Laundry', all of which are colored green, indicating they are shared spaces. The bottom left area includes 'Mechanical' rooms and a 'Student Grill'. The central part of the plan shows a large, open area with a 'Tel Data' room and an 'Elect' room. The overall layout is complex, with many rooms and corridors, and the color-coding helps to identify the user groups associated with each space.
